*Neurosurgery Executives' Resource Value & Education Society (NERVES) is proud to publish the results of the 2018 Socio-Economic Survey. The 2018 Report is based on 2017 data provided by neurosurgery practice administrators from across the United States. The NERVES survey has been an exceptional tool for practices to use when negotiating, budgeting and managing a neurosurgery practice. This year's survey represents the collective information from 83 practices, 738 Neurosurgeons and 662 Non physician providers.*
