

NERVES Education Committee
December 2020

Committee Members: Antoine Curtis, Erika Martin, Galyn Damiani, Jim Shea, Kelly Hornbacher, MJ Orellano, Stacey Snodgrass, Tariq Qureshi, Kathy Tobin (chair), Melissa Klingberg (NERVES).

The Education Committee is responsible for creating educational opportunities for Society members throughout the year. The NERVES Education Committee is working to bring valuable education to our members in the absence of this year's Annual Meeting. The Committee initially sent out a survey in mid-April to members to find out what they felt would be most helpful to them and their practice and how often they wanted the webinars. Based on that survey, we set up a structure to hold monthly webinars based on topics being discussed on the list-serve as well as special requests from members.

To date, the committee has held 6 seminars and have planned topics for the rest of the calendar year. Registrations for the live seminar are ranged from 26-60 with additional members listening to a recording of the webinar. A recent survey was sent to the members to check-in about topics, time of webinars, and length of webinars. Based on this valuable feedback, the committee will plan for the next 6 months.

If you haven't shared your feedback yet, please take a moment to do so by clicking [this link](#).

	Topics	Proposed Speaker	Members Participating
June 4	NERVES Socio-Economic Survey	Mike Heaton - Complete	Registered: 46 Recording: 16
