

## **Breakout Session II – Bundled Payments**

**Jerry Rupp, Fusion5**

### **Description:**

Presentation on the concept of bundled payments as a vehicle for value-based care initiatives. Will include the implications of bundling arrangements for both Medicare and commercial beneficiaries and how to best position neuro and spine episodes of care for success in the changing healthcare landscape.

### **Objectives:**

To understand:

- Bundling arrangements
- Reasons for engagement
- Medicare vs Commercial opportunities
- Potential for gains
- Complexities of neuro/spine bundles
